Wolters Kluwer
Law & Business

fastcase

September 16, 2015

Dear Loislaw Customer:

We are reaching out to inform you that Wolters Kluwer Law & Business will sunset its Loislaw product effective November 30, 2015. Wolters Kluwer Law & Business has valued greatly the opportunity to serve you, and supporting your continued success is important to us. To help ensure your primary research needs can continue to be met, we are collaborating with Fastcase so they can offer comparable subscription plans on the Fastcase platform, including Loislaw treatise libraries, at the same or lower prices as your current Loislaw subscription.

Information about your subscription
Wolters Kluwer will maintain Loislaw through November 30, 2015, at which time Fastcase will own and operate the Loislaw brand. Please continue to contact Wolters Kluwer with any questions or support needs through this period. During this time, Wolters Kluwer will send further communication regarding the end of your existing Loislaw contract. If you have any questions, please call 877-471-5632 or email ASPEN-Loislaw-SupportServices@wolterskluwer.com.

During this transition, Fastcase will offer special Loislaw subscriptions, offering nationwide legal research, as well as the Loislaw treatise libraries under special license with Wolters Kluwer, all on the Fastcase legal research service. Fastcase has created grandfathered pricing plans that allow you to continue your current Loislaw library subscriptions, including Loislaw treatise libraries, at the same subscription prices. "Loislaw on Fastcase" combines the comprehensive Loislaw treatise libraries you know and love, with great Fastcase features like the Interactive Timeline data visualization tool, industry-leading mobile apps, Bad Law Bot, and integrations with HeinOnline and Clio.

Other Wolters Kluwer subscriptions
Your other Wolters Kluwer product subscriptions will not be affected. You can continue to count on Wolters Kluwer to provide you with products and solutions that leverage the expert interpretations, insight and guidance that you value and for which we are known and respected.

Loislaw and Fastcase have worked collaboratively to provide a solution that affords the opportunity to meet your needs, and we are working to support a smooth transition for customers who wish take advantage of the Loislaw treatise libraries on the Fastcase platform. You will receive more information from Wolters Kluwer and Fastcase in the coming weeks. In the meantime, to find out more about how to make the transition to Loislaw libraries on Fastcase, please visit www.fastcase.com/loislaw.

We believe this collaboration is the right one for our customers, with Fastcase continuing to invest in and enhance its platform to support those research needs formerly fulfilled through Loislaw.

Sincerely,

Greg Samios
President and CEO
Wolters Kluwer Law & Business
