CAMPUS SEXUAL ASSAULT CONFERENCE: Trauma-Informed Practices to Enhance Policy, Investigation, and Resolution of Gender-Based Misconduct

**March 7th - March 8th, 2016
Xavier University, Cincinnati, Ohio**

As the conversation around gender-based misconduct expands to the popular media, so does the pressure institutions of higher education face to address these issues in a compassionate, competent, and compliant manner. Campus professionals need to know how to work beyond their policies in order to effectively respond to gender-based violence.

Join the Victim Rights Law Center for a two-day conference to learn:

- The fundamentals of creating integrated, trauma-informed policies
- Tools to evaluate confidential response protocols
- Trauma-informed investigations/resolution processes
- How to implement systems with a community-centered, multi-disciplinary team approach

This conference will draw from campus-specific examples to create sound, practical systems and will be beneficial to Title IX Coordinators, campus administrators, investigators, conduct board members, faculty, first responders, and general counsel.

Registration Fee: \$495

(A \$50 per person discount will be applied when registering 3 or more people)
